The seafood industry off the south coast of Western Australia has transformed over time. Once dominated by fishing families, it now offers new opportunities for individuals without traditional fishing backgrounds. Whether it's working on a boat, managing operations, or handling administrative tasks, there are now diverse pathways to success in the industry.

Scan the QR code or click on the link to learn about the diversity of career opportunities in Western Australia’s seafood industry.

Record your answers to the questions in the spaces below.
